## Your Flexible Escape, Making Life Easier.

Experience our exclusive hourly dog sitting service tailored to your dog's needs right in the comfort of your home. Available in our Tier 1 region (refer to the last page for details), our hourly service requires a minimum booking of 2 hours, starting at 360 DKK. Beyond the initial booking, it's just 180 DKK per additional hour. For clients requesting our dog sitting service with the sitter entering the home in their absence, booking the Meet & Greet service is a prerequisite. This ensures our sitter can collect the key and personally meet the dog before providing our trusted care.

Our dedicated sitter will create a serene environment for your dog, focusing on any specific training aspects you desire. Whether it's a calming walk, quality time on the sofa or engaging with enrichment toys, we're here to cater to your dog's preferences. If cuddles are on the agenda, fantastic! If not, we're equally happy to work on crate training and place command exercises. With our hourly dog sitting service, your dog receives personalised attention, ensuring a content and enriched experience while you're away.
